Handmade Carpets in Kolkata

In the vibrant city of Kolkata, where tradition and culture meet modern sophistication, **Jewel Carpet** stands as a symbol of luxury and timeless artistry. Our exclusive collection of **handmade carpets in Kolkata** brings together centuries-old weaving traditions, master craftsmanship, and contemporary elegance, offering you not just a décor item but a heritage treasure to cherish for generations.

The Art of Handmade Carpets

A handmade carpet is far more than a floor covering – it is a canvas of intricate stories, woven thread by thread by the hands of skilled artisans. At Jewel Carpet, each piece is created using traditional knotting techniques perfected over centuries. Our artisans spend months, sometimes even years, meticulously hand-weaving every design, ensuring that every carpet carries with it a soul, a legacy, and a touch of timeless beauty.

The art of carpet weaving is deeply rooted in cultural heritage. Influenced by Persian, Kashmiri, Turkish, and Mughal traditions, our carpets reflect patterns and motifs that are rich in history. Floral designs, intricate medallions, paisleys, arabesques, and modern abstract forms find life in our creations. This makes every **handmade carpet from Jewel Carpet** a blend of tradition and innovation, seamlessly fitting into both classic and contemporary interiors.

Premium Materials for Lasting Luxury

We believe true luxury lies in authenticity and quality. That is why we use only the **finest materials** – pure silk for unmatched sheen, premium wool for warmth and resilience, and natural cotton for strength and durability. These natural fibers are dyed with eco-friendly, vegetable-based colors that produce rich, vibrant tones while ensuring longevity. Unlike machine-made alternatives, our handmade carpets age beautifully, with patterns and textures that grow richer with time.

Every carpet is soft underfoot, warm in winter, cool in summer, and built to last for decades. Owning one of our carpets means investing in a masterpiece that can be passed down as a family heirloom.
